

Children's Week 2026

Small Grants Program Summary Guidelines

What is the Children's Week Small Grants program?

Communities and not for profit organisations can access small grants of \$1,000 to support Children's Week activities in 2026.

Children's Week 2026 runs from Saturday 24 October to Sunday 1 November 2026 with the theme of:

Children have the right to use their own language, celebrate their culture and practise their religion

(from UNCRC Article 30)

Children's Week aims to be inclusive of and accessible to Tasmanians from all communities, and to be celebrated in all regions of Tasmania.

What is the purpose of the grants?

We want even more families to enjoy the benefits of play and to connect with other families and children in their communities, celebrating the rights of all children.

Following on from the successful Small Grant program in 2024 and 2025, the continued purpose is to increase the number, diversity and accessibility of Children's Week activities held in 2026. This year there will be 10 grants of \$1,000 available and there will be a strong focus on accessibility, making it easier for families to attend events in Tasmania.

*'Accessibility' is defined as physical, geographic, cost, developmental and literacy-related accessibility. For example, holding an event in a remote community, providing free transportation, or using simple language, visuals, and translated materials to support people with different literacy levels are all ways to make your event accessible to a wider range of people.
